

Klagenfurt am Wörthersee – the summer hit in the south!

Klagenfurt am Wörthersee has a very special charm at any time of the year, but it is the summer that makes this city a true experience.

The direct location at Lake Wörthersee and the Mediterranean climate provide southern flair. In the eastern bay of the lake (drinking water quality), sun-seekers can enjoy themselves at the largest lakeside lido in Europe with three large wooden piers for sunbathing, water slides and large sunbathing lawns. White passenger boats and colourful sailing boats cruise on the turquoise water. If you want to be active, you can play football, beach volleyball and loads more.

The well-known Austrian composer Gustav Mahler, who composed some of his most famous works at Lake Wörthersee, often spoke about leisurely swimming in the lake, which can be enjoyed at three well-kept, wonderful public lakeside lidos in Klagenfurt am Wörthersee: the large “Strandbad” with the fun factor, the idyllic lido on the Wörthersee peninsula near Loretto Palace and the family-style Mairnigg lido.

Fancy a walk to the Eiffel Tower or a picture in front of the Statue of Liberty? Minimundus, the miniature world at Lake Wörthersee, is a fascination for visitors with 140 models of the world’s most famous buildings and structures. The miniature models are created in painstaking detail from original materials.
